SDG 8: Decent Work and Economic Growth

The Olist Brazilian E-Commerce dataset (2016–2018) documents a pivotal period of digital marketplace growth in Latin America. This analysis examines how Olist's platform enabled **3,095 small and medium enterprises** across **23 Brazilian states** to participate in the digital economy — directly advancing UN Sustainable Development Goal 8: Decent Work and Economic Growth.

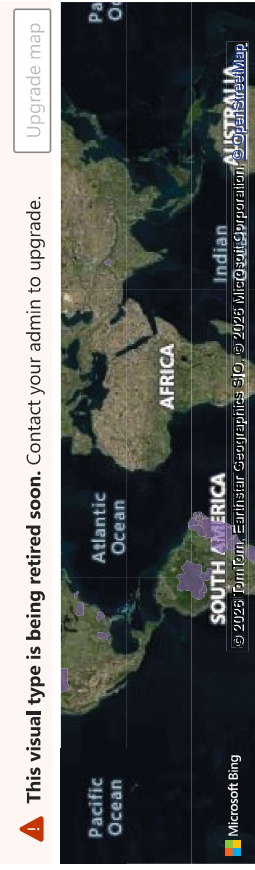

By connecting SME sellers with customers through a unified digital marketplace, Olist demonstrates how technology-enabled commerce can democratise economic participation for businesses of all sizes across economically disadvantaged regions.

Economic Impact	Sellers Empowered	States Reached	Customer Satisfaction
R\$ 15.84M	3,095	23	4.09
Total Revenue	Total Sellers	Seller States Reached	Avg Review Score

Seller Growth Over Time (2016-2018)

Seller Distribution Across Brazil

KEY FINDINGS & IMPACT

- Over 3,000 sellers have been empowered to reach customers across Brazil through the platform
- Nationwide coverage across multiple states demonstrates inclusive marketplace accessibility
- Significant revenue generation highlights strong economic contribution of e-commerce
- Average review score indicates good product quality and customer satisfaction
- Consistent seller growth shows sustained expansion and platform adoption
